

'NIGHT

OF

'HALLOWEEN'

They tell me that at twelve o'clock ,after the last bell in the night of Halloween , when the needle of Clock Tower , in Arquillos , reaches instead , the ghost of Black Beard appears . Beware if you find him! I know others have scared but I do not think so.... And so this year I decided to go to Arquillos and wait to reach the twelve o'clock to see if story was just a story .From eight to twelve o'clock , I was with my Friends in Arquillos celebrating Halloween with them . To reach twelve o'clock, with much fear, my Friends and I went to the Clock Tower.... They rang the bell and anything happened so we went to the party because there was not any ghost!
