

Halloween in Arquillos

The night of 31st October became. My friends and I went to a Halloween party in Arquillos. When the party finished, we went to visit the museum 'PABLO DE OLAVIDE'. The streets were dark, it was cold and started to rain, we all went to the museum, the light turned off and we heard voice telling a scary story of Arquillos.

70 years ago the children were there at Halloween night 'PABLO DE OLAVIDE' at the museum, the children played over the grave of a man named Jack, they angered the spirit and the Halloween night killed. It is said the night of 31st October their spirits are in the museum 'PABLO DE OLAVIDE'.
