

## **THE MYSTERIOUS MAN**

The story happened, in a village called Arquillos. It was a day before Halloween and children were preparing their costumes, they went to the street to ask for trick or treating. They were a group of friends called: Mark, David, Carlos and Luis, they met in the main square of Arquillos. Carlos rang the bell of the first house, then, the door was opened and a woman had her hand, full of candies, she gave them to all children.

The following was Mark, he was not so lucky, then, David with his horrible suit, with old clothes of his father because his family was very poor, but he was lucky. They gave them candies and hot chocolate.

Finally, Luis called the last house of the street, a serious man told the children: " I have not many sweets but go and look in the box". The children come and suddenly the lights went out and the door closed, everyone was scared and did not know what was happening. The light went on and the man appeared with a knife in his hand and with blood on everywhere. Fortunately it was all a joke that, this man wanted to do, since he also liked Halloween.

In conclusion, we decided not to go any house to look for more candies.
