

ONE NORMAL NIGHT

My name is Ramón and I'm from Vilches, last Friday was halloween and I went to a party in Arquillos, all was normal but.... Ok, I'm going to tell you the story.

I was in my bedroom, listening to music and chatting with my friends about what activities we can doing at the party, I had the costume for the party at night, because of the music I felt very tired and I fell asleep. I get up at 6.00 and my friends and me met at 6:30, quickly I wore my costume and I went to the bus station. I arrived at 6:25, my friends thought that I wasn't coming, we take the bus and we arrived in Arquillos at 7:00, when we arrived there was many people in the street. The party was at 8:30 and my friend Pedro thought that we can go to the church and take an scare video. Rafa, Sergio and me thought that it wasn't a good idea but we decided to go with him. When we arrived to the church was 7:20, in the streets around the church there weren't anybody, next to the church there was a cemetery and it was very frightening. We went to the church's door and when we approach the doors opens without push it. We thought that it was because of the wind, and we entered the church. In it there was lots of silence and paintings of lots of Saints. It was very frightening, Pedro approached a sculpture, and when he touched it, the sculpture talks in a foreign language, there was very noisy and frightening, my friends and my were scaring, all the paintings were talking, there was blood in the walls and there were souls, we started to hear a sentence: go away and don't come back. We were crying, my and my friend's legs can't run, but after a second we can run, faster than I had never run, but when we reached the door..... I woke up! All of the story was a nightmare, it was 6:00 again, and again I will arrive late! I hoped that the nightmare won't happen in the reality.
